One-on-one Instruction

Gabrielle Carpenter

Student at University College London
United Kingdom

Experience

National Honor Society

Tutor

January 2024 - April 2025 (1 year 4 months)

St.-Cloud, Île-de-France, France

As an NHS peer tutor, I provided one-on-one and small-group support to fellow high school students in mathematics and physics. I focused on building foundational understanding, problem-solving skills, and academic confidence through personalized explanations and consistent guidance. This experience strengthened my communication and leadership abilities while deepening my knowledge of STEM subjects.

Vantage Point Consulting, Inc.

Intern

January 2025 - March 2025 (3 months)

Collaborated with the Smithsonian Institute to enhance the accessibility of educational databases through AI integration. Conducted user research with K-12 educators to inform the development of intuitive, AI-driven tools that support teaching and learning.
